

Expression of Affection

Are westerners more likely to express their affection?

Are westerners more likely
to express their affection?

When I think about this question,...

... my answer is yes.

Even though there are people like friends or parents around them,...

... I think they don't mind giving
a light kiss or a hug

8 years since we've been together.
Of course, we don't have any problem
showing our affection to each other

But Alex doesn't like showing this
much in front of other people

I know that it's not a problem
at all for Koreans.

However, if I see other couples
who are not the same as us,...

... I can't help myself
comparing us to them.

I can't help it.

Then, one sleepless night,
I asked Maw,

Do you remember that I complained in the car the other day?

I've been thinking
about it...

Now told me,

Oh, well. Fine.
I think you're quite

sentimental today.
So, I'll give you
a present!

Are you
ready?

1,2,3

I could see many stars shining
in the black sky.

I hope you liked
the stars I chose
for you

So we looked at the stars for a while.

And I thought,

«We're hot, still.
